

The Spa At The Hotel Hershey Fact Sheet

OVERVIEW:	<p>Hershey Resorts made chocolate even sweeter by evoking it in unique spa services at The Spa At The Hotel Hershey, nicknamed the “Chocolate Spa.” The facility opened in 2001 and completed an expansion in 2004 that doubled its size. The Spa is famous for its signature chocolate treatments, but it also offers traditional spa treatments as well as services that pay homage to Cuba, where Milton S. Hershey owned sugar mills and plantations from 1916 to 1946.</p>
DESCRIPTION:	<p>The three-story, 30,000-square-foot Spa is a full-service, European-style spa overlooking the Hotel’s formal gardens and reflecting pools. The exterior architecture mirrors the original historic hotel in style and color. The interior décor was inspired by High Point, the home of Mr. Hershey and his wife Catherine (“Kitty”). There is a separate entrance for the hair and nail salon, which features a garden theme.</p>
SAMPLE CHOCOLATE TREATMENTS:	<p><i>Chocolate Fondue Wrap:</i> A luxurious body brushing is followed by a fondue of warmed moor mud and an essence of cocoa application. A warm blanket wrap and the Hershey Vichy Shower follow. (60 minutes, \$120)</p> <p><i>Cocoa Facial Experience:</i> Depending on skin types, estheticians choose from a variety of masks and exfoliation products, including caramel, cocoa crème, peppermint and strawberry. (75 minutes, \$165)</p> <p><i>Whipped Cocoa Bath:</i> A foaming chocolate milk bath smooths and softens skin. (15 minutes, \$45)</p>
