

## Woodside Cottages At The Hotel Hershey Fact Sheet

**DESCRIPTION:** When it first opened in the 1930s, **The Hotel Hershey** offered cottages behind its main building. This year, as part of its Grand Expansion, the Hotel is opening six 4-bedroom and four 6-bedroom Cottages.

These multi-bedroom guest Cottages offer all the luxuries of contemporary living. Design features reflect historical ties to design elements found in the Hotel's main building as well as its original cottages.

Guests of Woodside Cottages enjoy large bedrooms and sweeping views of the woods behind the Hotel. Each Cottage offers a private outdoor entrance along with the luxurious amenities and professional service of **The Hotel Hershey**.

Parking spaces are available in front of each Cottage, and there is complimentary transportation service around the Hotel grounds. Upon check-in, all guests are escorted to their Cottage room by a Guest Services staff member, who provides an orientation about the room and Hotel services.
